

IN THE SPECIFICATION

Please make the following correction. A replacement paragraph is provided below and a version with changes follows the Remarks section.

On page 8, line 5, please replace "SINB" with -SINR-.

Q1
Also coupled to the node SINA 231 is the second node of transistor 228 and the first input of sense amplifier 234. Coupled to the first node of transistor 238 and the first node of transistor 243 is a power supply. Coupled to the gate of transistor 228 and the gate of transistor 243 is current adjust input 240. Coupled to the first node of transistor 243 is node SINR 246. Node 246 is also coupled to the second input of sense amplifier 234, the first node of transistor 249, the first node of transistor 252, and the second node of transistor 258. The output of sense amplifier 234 is coupled to data 237.
